AVAILABLE TO ALL

At the Y, we're committed to making camp available to every child, regardless of ability to pay. Ask us about financial assistance that may be available for your child.

CAMP FEATURES

The majority of the camp day is spent outdoors, but campers will have access to shaded areas, water breaks and rest time. Campers will swim in our outdoor pool most days. As activities and weather warrant, campers will also take advantage of many other features of the Y, including the Youth Activity Center, fields, and gym.*

*Participation in these areas depends on features available at each YMCA location.

Camp is the perfect place to try new things! With a different theme every week, campers learn together, create friendships, and build confidence. Approximately two to three hours each day is focused on our weekly theme, while the remainder is filled with swimming and small-group activities.

WEEK 1 - SUMMER SHOUT May 26-29

Put your hands up and shout for summer at the Y! Bring your swim suit and kick-off the best season of the year with us. The sun's hot, but we'll stay cool with water activities, games, and lots of laughs in this fun-filled celebration of all things summer.

WEEK 2 - HUSTLE & HEART June 1-5

Get your game on! Learn teamwork and showcase your competitive spirit in our sports camp. Campers stay active and build skills through a variety of traditional games and wacky Y activities. Everyone goes home a winner when they encourage each other to give their all.

WEEK 3 - MIGHTY MORTALS June 8-12

Discover the hero in you! Campers play super games, create super crafts, and have super fun while learning the values of true heroes—caring, honesty, respect and responsibility. Where else can they spend the day as their alter-ego, meet other mighty mortals, and save the world?

WEEK 4 - PASSPORT THROUGH TIME June 15-19

Travel back to the best that history has to offer! Campers use their imaginations to explore different eras through games, arts and crafts, and building a time capsule. The week will take campers from ancient to modern days, just in time to be picked up by their parents.

WEEK 5 - TERRIFIC SCIENTIFIC June 22-26

Fill up your beakers with excitement for the world of science! Day camp becomes your own interactive laboratory this week. We'll experiment with fun and fascinating ways to investigate the world around us. Let's discover together!

WEEK 6 - UNDER THE BIG TOP June 29-July 3

Come one, come all to camp carnival! Campers will step right up to a wondrous week of classic carnival games, laugh and learn with new friends, and create their own carnival games at week's end for the entire camp to enjoy.

WEEK 7 - SUMMER SLEUTHS July 6-10

Every day is a mystery that needs solving, and Y campers are on the case! Activities like scavenger hunts and brain-teasing riddles will keep your young detective's mind sharp and engaged this summer. It's a suspenseful week of problem-solving, puzzles and fun!

WEEK 8 - MAKE-BELIEVERS July 13-17

Journey to a land far, far away for a week of adventure and imagination! Campers will create their own fairy tales and explore worlds unknown through crafts and games that celebrate all things make-believe. Your child will have quite the story to tell at the dinner table!

WEEK 9 - SPLISH SPLASH July 20-24

"Water" you waiting for? Sign up your child for a week of splash-filled fun in the pool. Kids will stay cool with exciting water games while practicing proper swim technique and learning about water safety. Give your young swimmer the chance to play, build skills and make the most of summer!

WEEK 10 - GREATEST HITS July 27-31

All of your favorites get one last hurrah! Campers can relive the most popular activities of the summer in just one week—from water games to wacky science experiments. Let your child close out the summer with the very best of Y Day Camp!

WEEK 11 - SHOWSTOPPERS August 3-5

Be a star this summer! Kids who've caught the performance bug will love this week of fine arts enrichment. From the visual arts to music and dance, campers will take part in dynamic activities that encourage creativity and give everyone a chance to shine.

CAMP LITTLE Y May 26-August 7

Camp isn't just for the big kids. Little ones (ages 3-5) can spend the summer learning and growing, too! Kids will get ready for the school year by practicing letters, numbers, colors, and shapes. They'll also be introduced to fitness and what it means to eat healthy foods. There are no field trips for this camp, and children must be potty-trained to participate.
